

Educational Requirements for a Public Health Nurse Certificate

<https://www.rn.ca.gov/pdfs/applicants/phn-app.pdf>

Name of Nursing Program: _____

Student's Name: _____ Graduation date: _____

Entity Number: _____

Instructions: Type or print the information in a blue/black ink. Forms not completely and accurately filled in and accompanied by all required supporting material will be returned and/or requested to be completed again.

Please refer to California Code of Regulations Section 1491 (attached). Identify the theoretical content the student has completed at your program and/or coursework accepted if transferred from another program. For transferred coursework, the course number and title to which courses were equivalent to in your program will also have to be listed. List each course number and title exactly how it is printed on student's transcript. Section 1491 (6) (A-C) refers specifically to supervised clinical experience in public health. Section 1491 (6) (C) of the form must reflect the total number of faculty-supervised clinical hours completed in public health settings.

Supporting Documentation: Please include a detailed description of the faculty-supervised public health clinical experience. Also, you must submit copies of the syllabi for the Community/Public Health course(s) that are listed on Section 1491 (6) and course descriptions for each nursing course listed on this form.

Please Note: EDP-P-17 form, course descriptions, and syllabi must align with student's transcript.

Example:

CCR 1491(4)(A) – (L): Required Theoretical Content	Course Number and Title
A. Physical, mental, and developmental assessment: child and adult	NUR 405—Healthy Communities: Theory and Practice

If student's transcript reflects NUR 405 course was completed in SU of 2003, then a detailed course description/syllabus for that specific course would be provided for Summer 2003 timeframe.

Since each student's education can differ, additional documents may still be requested after review of coursework that will be provided by your program. **Please mail all requested documents directly to the California Board of Registered Nursing (ATTN: Public Health Nurse Unit).**

Educational Requirements for a Public Health Nurse Certificate
